

# Art

## Program Description

Are you interested in pursuing a career that develops your artistic and creative abilities? If so, a career in the Arts may be for you. Alvin Community College provides an interactive environment where students who are interested in arts can gain experience in painting, sculpture, drawing, design, ceramics, digital art, watercolor, photography, printmaking, jewelry making, art history and art appreciation. The ACC Art Department provides gallery space for student art exhibits that enable students to think about the experience the gallery provides and the approaches to marketing their artwork.

ACC has a vast array of studios that allow for hands-on experience in the various artistic specialties. A pottery and sculpture studio gives students a place to work on ceramics and sculpture. The art metals studio allows for experience in jewelry-making. The Drawing and Painting studio affords a spacious, natural lighted, relaxing studio for drawing and painting. The photography studio and dark room allows students to enlarge, develop and print photos.

## Career Opportunities

Art graduates have become book illustrators, medical illustrators, fashion artists, cartoonists, animators, police artists, photographers, jewelry makers, graphic designers, art instructors, art directors, film illustrators, sculptors, potters and painters.

# Art

## Options

### Associate of Arts Degree

Art..... 66 credit hours  
(2 years)
