## Radio/TV Broadcasting

### Program Description

Are you interested in becoming a radio personality, television reporter, videographer or producer? If so, a career in Broadcast Communications may be for you. ACC offers specialized coursework in radio and television broadcasting. You will gain valuable experience at KACC-FM, a federally licensed radio station and have the opportunity to produce programming for KACC-TV, the local cable access channel. ACC also offers unique opportunities for internships in commercial radio and television facilities, production companies and sports broadcasting franchises. Whether you want to work behind the scenes or be on the air, ACC will make sure you're ready.

### Career Opportunities

Career opportunities exist in the areas of performance, programming, news, general administration, engineering and sales. Presently, the fields of broadcast communication, digital media, corporate and broadcast communication video production are experiencing remarkable growth. Students who successfully complete this program will have the skills necessary for employment in the communications field. According to [www.onetonline.net](http://www.onetonline.net) the average salary with an A.A.S. degree or certificate in Texas is \$40,475.
