Counseling Referral versus ACT Reporting

What is the difference?

Presented by Alvin Community College’s Assessment and Care Team (ACT) – 2016
Today, colleges are confronted with making difficult decisions about students or persons who may be distressed, suicidal, or threatening.

This number is increasing.

Today, colleges are taking a proactive approach in providing a system of referring, reporting and caring.
Objectives

- Counseling issues/resources at ACC
- Referring to Counseling Services
- Reporting to the Assessment and Care Team (ACT) and Campus Police
- Defining examples of behavior to refer or report
- Resources
Self injury is a process by which individual’s make themselves feel something. There is no single reason for why a person chooses to hurt themselves. The person might be dealing with a trauma, guilt, shame, etc. Self injury allows the individual to feel something when they feel numb or to relieve the pain that is overwhelming.

Self Injury is not an attempt to commit suicide.
Suicidal Ideation vs. Self Injury

- Suicidal ideation is the thought of committing suicide.
- Suicide attempts are caused by a variety of reasons (psychological disorders, substance abuse, relationship & financial problems)
In most student situations, care and concern will be enough to reassure the student, however, there will also be *non-threatening* student issues. You can make a referral to a Professional Counselor on campus.

(Counseling Referral Form)
Counseling Issues: Students

- Express no career direction
- Display visible signs of self mutilation (cutting, burning, hair pulling)
- Show grief and bereavement issues
- Appear to be a victim of assault
- Show visible signs of anxiety and/or depression
- Show substance abuse or addiction problems
- Appear to need resources for shelter and food
Noticeable Issues

Instructor notices:

- Increasing withdrawal or isolation of a student
- Increased disorganization and confusion; unable to focus on topics
- Outbursts of negative behaviors and/or crying in the classrooms or hallways
- Issues that are impacting their academic success
Advising Services employs full-time Licensed Professional Counselors (LPC’s).

LPC’s assist students with personal issues that may impact their academic success.

Counseling services include:
  ◦ Career counseling and assessments
  ◦ Crisis intervention and short-term personal counseling
  ◦ Referrals to community resources
Student Consultation and Referral

It is recommended to consult with a Counselor or Director of Advising if you find:

- You are dealing with a student in distress with problems beyond your level of comfort;

- The boundaries of your role make it unwise to work with students on personal issues;

- The student declines the referral and you remain uneasy about the situation
Stephanie Stockstill, Director of Advising Services at 281–756–3527 or Diana Stiles, LPC at 281–756–3534

A face-to-face consultation can be arranged
Immediate Assistance

- Faculty/staff are encouraged to walk a distraught student to the Advising Services department in Building A. Place a phone call first so counseling services can be in place.

- For non-emergency situations, the Counseling Referral form is located at: http://www.alvincollege.edu/Mental-Health-Wellness (Counseling Referral Form)

- This referral will be received in Advising Services immediately once submitted.
What is the Assessment and Care Team (ACT)?

- ACC’s ACT is a multidisciplinary and multijurisdictional team that meets and communicates regularly.

- The ACT is committed to improving community safety through a proactive, collaborative, coordinated, objective and thoughtful approach to the prevention, identification, assessment, intervention and management of situations that pose, or may reasonably pose, a threat to the safety and well being of the campus community.
Reporting to ACT plays a secondary role to all urgent circumstances and should be contacted only after initial emergency notifications are made.

The Alvin Community College ACT accepts reports regarding any individual or incident at any time through an online referral form on the Assessment and Care Team page at [www.alvincollege.edu](http://www.alvincollege.edu), direct email to: [ACareTeam@alvincollege.edu](mailto:ACareTeam@alvincollege.edu), or by contacting the Alvin Community College Police Department at 281-756-3700 or 832-250-3365 (after hours).

The ACT will evaluate the reported behaviors and put in place a course of action or intervention. Reporting persons of concern depends on all faculty and staff.
