

# Music

## Program Description

Have you ever wanted to sing or play in a band? Maybe you are more interested in writing music, or even recording and producing. If so, ACC's Music Program is for you. We offer private lessons in voice, guitar, drums, piano, flute, clarinet, saxophone, trumpet, French horn, trombone, or tuba. And, we have four performing ensembles that you could join. Recording classes are also available for those who want to learn what happens behind the scenes, and you do not have to be a music major to take advantage of these classes.

If you are interested in majoring in music, the music department at ACC offers a program that will allow you to transfer to complete a bachelor's degree in performance, composition, musicology, or music education.

## Career Opportunities

Many opportunities are available for musicians. You can pursue a solo career in the classical, musical theatre, or pop genres; you can become a member of a performing ensemble like professional choir, or symphony orchestra; or you can freelance, taking gigs or doing session work for radio, TV, or film. You might also be interested in teaching music whether privately or in a school or college. Music teachers are now in great demand, and the salaries are highly competitive.

# Music

## Options
