In the interest of saving time and money and improving efficiency, the Alvin Community College Process Technology Advisory Committee meeting scheduled for 6-17-2008 was combined with the Process Technology Open House, held 5-8 pm on the same day, in the Nolan Ryan building on the Alvin campus.

This event, generously funded by many of your companies and organizations, was a success and much appreciated by those who attended. Following is a PowerPoint presentation that captures and summarizes the Open House.

Any Advisory Committee business that was unable to be concluded at the Open House will be added to the agenda of the next Advisory Committee Meeting, scheduled for Wednesday, September 10, 2008 11:30a - 1:45p at Solutia.
MEETING 8-1-2008
South Shore Harbor, League City, TX

ACC - Alvin Community College
- Process Technology
- Summer Community Open House
- 6-17-2008 5:00-8:00pm
- DAVID CORONA - Coordinator

June 17
ACC Hosts Process Technology Open House

To give people an opportunity to learn about well-paying careers in the processing industries, Alvin Community College will host a Process Technology Open House on June 17, from 5 to 8 p.m., at the Nolan Ryan Center. The event is sponsored by the National Science Foundation through a grant provided by the Center for the Advancement of Process Technology and the Gulf Coast Process Technology Alliance, American Chemical Society, Shell Oil, BP, Lyondell Chemical, Solutia, INEOS and Champion Technologies. Representatives from these organizations and companies will be present to discuss the various aspects and benefits of working in this field. ACC faculty and staff will be present to provide information about educational opportunities to prepare for such careers at the event, as well. ACC was the first college in Texas to offer the process technician curriculum. For more information about the ACC Process Technology Open House, call (281) 756-3785. The Nolan Ryan Center is located on the ACC main campus, 3110 Mustang Road.
