Drops beyond the maximum of six will be allowed for students who can show good cause for dropping more, including severe illness, active duty military service, or work obligations beyond the students control. Students who feel they have good cause for an exception should discuss their reasons with a counselor or advisor. Exceptions are granted by the Academic and Technical Deans. Students are encouraged to discuss options with their professors and advisors and to make use of campus resources before deciding to drop a course. Once the six course drop limit has been reached grades are assigned. Drops included in the limit will be recorded on the student transcript.

DISTANCE EDUCATION - ONLINE, TBA and HYBRID

ACC has three ways to take distance education classes - online (WWW), hybrid (HY), or independent and directed self-study (TBA), Internet classes are listed under the "Internet" heading in the schedule.

Online (WWW) - An Internet class is conducted almost if not entirely online. Some instructors may require that students come to campus for orientations, field trips, or to take tests in an approved testing locations. Students must have access to the Internet, as all classes are conducted through MyBlackboard.

To see if online is a good choice for you, please take our readiness quiz, **Are Online Classes for Me** located at <http://www.alvincollege.edu/de/default.htm>.

TBA (To Be Arranged) courses will be listed in the schedule with ACC as the location, but the Days and Times will be listed as TBA. These are independent study classes which follow a course outline. To begin the course, contact **the instructor** for directions and materials.

Hybrid Courses (HY) - courses combine online learning and face-to-face instruction in a manner that reduces the number of face-to-face classroom meetings. Students attend a portion of the class in the traditional classroom at regularly scheduled times and complete the remaining portion of the class online using MyBlackboard.

HYbrid and Internet classes can be accessed the first day of the term - log into MyBlackboard located on the ACC homepage.

Technical Requirements for Online Courses

- Unlimited access to a computer, ability to navigate the internet, availability to check-in at least every other day. Some courses may have specific hardware or software requirements; consult your course syllabus for additional requirements.

MyBlackboard - Internet and hybrid courses

are conducted online using the MyBlackboard system. Log into MyBlackboard at <http://bb6.alvincollege.edu> or use the MyBlackboard link located on the ACC homepage.

ROTC - Reserve Officer Training Corp

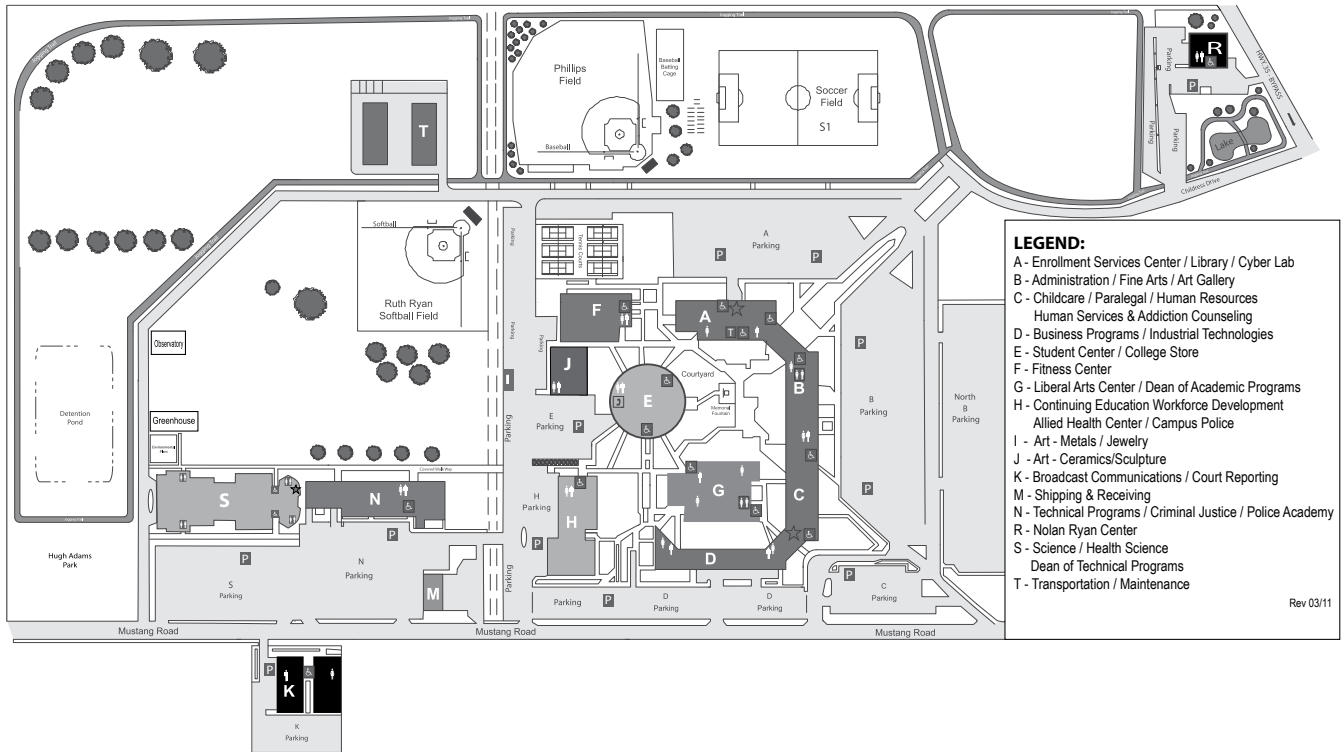

The Air Force Reserve Officer Training (ROTC) program prepares men and women of character, commitment, and courage to assume leadership positions as commissioned officers in the active duty United States Air Force. Upon completion of the curriculum, students will have a thorough understanding of the core values, leadership, teamwork, and other requirements to be an effective officer in the world's greatest Air Force. Contact the Air Force Science Department at the University of Houston by calling 713-743-3703 or on-line at www.uh.edu/afrotc.

All courses and physical training sessions take place at the University of Houston Main Campus. Flight orientation occurs at airports in the Houston metro area. Community College students are required to complete a four-year academic plan detailing the courses they will take to complete a four-year degree and specifying when they will graduate. This will require them to meet with a counselor at one of our four-year cross-town schools listed below. This requirement ensures that two-year students plan on transferring to a four-year school to finish our program.

Scholarships are available.
