

## Program Description

The Associate of Arts in Teaching (AAT) degree provides a set of courses within the Teacher Certification areas which will transfer to any public university in the state of Texas that offers education degrees. A transfer student must meet the admission requirements from the accepting college or institution. We offer a variety of courses and degrees to meet the diverse goals of education majors.

The choice to become a teacher is a decision to make a significant impact on the future. Teaching is the essential profession - the one that makes all other professions possible.

## Career Opportunities

- Public School Paraprofessional
- Public School Teacher (requires additional education)
- Private School Teacher (may require additional education)
- Other related careers requiring at least an associate's degree

## Options
