## **ACC DUAL CREDIT ACADEMIC STANDARDS**

The college cumulative GPA will be calculated at the completion of each semester. Students whose college cumulative GPA is below 2.0, will be suspended from taking additional dual credit classes for one long semester (Fall or Spring); however, a student may retake only the course they've earned a 'F' or 'D' in during the semester of suspension. Students can be reinstated the following semester. After completing classes during the reinstated semester, if the semester GPA remains below 2.0, future participation in the Dual Credit program will be prohibited.

Students must earn a C or higher in Foreign Language Classes prior to moving to the next level.

Students must earn a passing grade in English, Math or Science to continue into the second half of the class in the spring. Your ACC Advisor will review final grades to determine if you are eligible to take the second half of the class this spring.

Students that have not meet these academic standards will be contacted when we return in January and will receive a schedule change.
