INDEPENDENT AUDITORS' REPORT

To the Board of Regents of Alvin Community College:

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Alvin Community College (the "College"), as of and for the years ended August 31, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College as of August 31, 2023 and 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, schedules of the College's proportionate share of the net pension and other postemployment benefits liability, and schedules of contributions, identified as Required Supplementary Information on the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the Required Supplementary Information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The supplemental schedules (Schedules A through F) which include the schedule of expenditures of federal awards (Schedule E) and the schedule of expenditures of state awards (Schedule F) as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform

Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the Texas Higher Education Coordinating Board's Annual Financial Reporting Requirements for the Texas Public Community and Junior Colleges, are presented for purposes of additional analysis and are not required parts of the basic financial statements. Schedules A through F are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, Schedules A through F are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the organizational data and statistical information but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 15, 2023 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the College's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Years Ended August 31, 2023 and 2022

This section of the Annual Financial Report (AFR) of Alvin Community College (the "College") presents Management's Discussion and Analysis (MD&A) of the College's financial activity during the fiscal years ended August 31, 2023 and 2022, with particular focus on current events, legislation, and other various conditions. Please read this MD&A in conjunction with the College's basic financial statements and the notes to the basic financial statements. Responsibility for the completeness and fairness of the information included in this section of the AFR rests with the College.

Financial Highlights for Fiscal Year 2023

The following factors had a significant effect on the College's financial status for fiscal year 2023:

- The College Board of Regents passed a combined tax rate of \$0.164145 which was the No New Revenue rate (rollback rate). The Maintenance and Operations tax rate decreased from \$0.171457 to \$0.154314 or 1.0 percent. The Debt Service tax rate decreased from \$0.011754 to \$0.009831 or 16.4 percent. Overall tax collections increased by \$1,651,014 from \$25,497,504 in fiscal year 2021-2022 to \$27,148,518 in fiscal year 2022-2023.
- There was a pay increase of 3.0 percent for all full-time faculty and staff in an effort to retain and attract qualified personnel.
- The 2022-2023 Maintenance and Operations budget was \$40,071,049 which was an increase of \$1,642,210 over the 2021-2022 budget.

Financial Highlights for Fiscal Year 2022

The following factors had a significant effect on the College's financial status for fiscal year 2022:

- The College Board of Regents passed a combined tax rate of \$0.183211 which was the No New Revenue rate (rollback rate). The Maintenance and Operations tax rate increased from \$0.170579 to \$0.171457 or 0.5 percent. The Debt Service tax rate decreased from \$0.012864 to \$0.011754 or 8.6 percent. Overall tax collections increased by \$2,298,970 from \$23,198,534 in fiscal year 2020-2021 to \$25,497,504 in fiscal year 2021-2022.
- There was a pay increase of 6.0 percent for all full-time faculty and staff in an effort to retain and attract qualified personnel.
- The 2021-2022 Maintenance and Operations budget was \$38,428,839 which was an increase of \$1,743,418 over the 2020-2021 budget.

Overview of Financial Statements

The College qualifies as a special purpose government engaged in business-type activities and the basic financial statements are prepared on that basis. The basic financial statements include the Statements of Net Position; the Statements of Revenues, Expenses, and Changes in Net Position; and the Statements of Cash Flows. These basic financial statements should be read with the notes to the basic financial statements and with various supplemental schedules required by the Texas Higher Education Coordinating Board. The Governmental Accounting Standards Board (GASB) reporting model focuses on the College as a whole. The College's basic financial statements are designed to emulate corporate presentation models whereby all College activities are reported in one column.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the Years Ended August 31, 2023 and 2022

Under GASB Statement No. 61, *The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34*, the Alvin Community College Foundation (the "Foundation") is considered a component unit of the College for fiscal years 2023 and 2022 and, as such, is discretely presented in the College's basic financial statements. Complete financial statements of the Foundation can be obtained from their offices.

Statements of Net Position

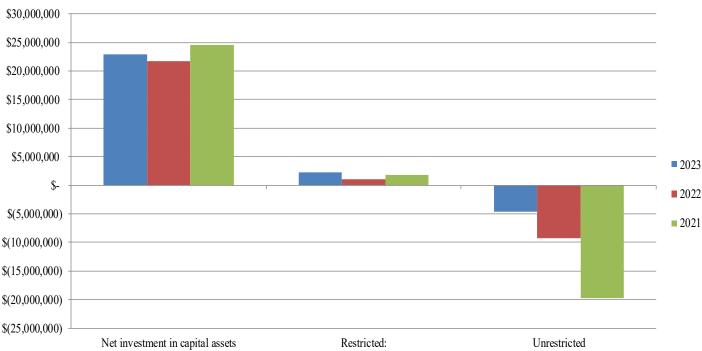

The Statements of Net Position present the assets, liabilities, deferred outflows/inflows of resources, and net position of the College as of August 31, 2023 and 2022. It is a point-in-time financial statement. The purpose of the Statements of Net Position is to provide the readers with a snapshot of the financial condition of the College on August 31, 2023 and 2022. It presents end-of-year data for current and noncurrent assets, deferred outflows of resources, current and noncurrent liabilities, deferred inflows of resources, and net position. From the information shown, readers are able to determine the assets that are available to continue operations, how much the College owes, net position, and its availability to carry out the College's mission.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the Years Ended August 31, 2023 and 2022

Net Position Fiscal Years 2023 - 2021

Fiscal Year 2023 Compared to 2022

Current assets increased \$2,149,901 primarily due to increases in restricted cash and cash equivalents as a result of proceeds from investment activities and increases in accounts receivable primarily related to more in student tuition receivables compared to the prior year. Noncurrent assets increased \$868,268 due primarily to an increase in the purchase of investments.

Current liabilities increased \$322,946 primarily due to an increase in unearned revenues related to student registrations compared to the prior year. Noncurrent liabilities decreased \$4,648,757 due mainly to a decrease in net other postemployment benefits liability.

Fiscal Year 2022 Compared to 2021

Current assets decreased \$7,928,772 primarily due to decreases in restricted cash and cash equivalents as a result of the use of proceeds from the Series 2018 Tax Notes (the "Tax Notes") for capital projects and accounts receivable related to COVID-19 pandemic grant amounts awarded to the College compared to the prior year. This was partially offset by an increase in cash and cash equivalents related to an increase in property tax revenue. Noncurrent assets increased \$9,999,334 due primarily to an increase in the purchase of investments.

Current liabilities decreased \$765,553 primarily due to a decrease in accounts payable as a result of a decrease in retainage payables compared to the prior year. Noncurrent liabilities decreased \$6,164,333 due mainly to a decrease in net pension liability.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the Years Ended August 31, 2023 and 2022

Statements of Revenues, Expenses, and Changes in Net Position

The purpose of the Statements of Revenues, Expenses, and Changes in Net Position is to present the revenues earned by the College, both operating and nonoperating; the expenses incurred, operating and nonoperating; and any other revenues, expenses, gains, and losses received or spent by the College. Generally, operating revenues are received for providing goods and services to the students of the College. Operating expenses are those paid to acquire or produce the goods and services provided in return for the operating revenues, and to carry out the College's mission. Nonoperating revenues and expenses are funds received or used for which goods and services are not provided.

Ending Net Position	\$ 20	,594,453	\$	13,648,657	\$ 6,945,796	\$	6,532,303	\$ 7,116,354

Fiscal Year 2023 Compared to 2022

Total revenues (operating and nonoperating) for the fiscal year 2023 were \$57,515,369. Operating revenues in the fiscal year 2023 decreased by \$859,337 largely due to a decrease in tuition and fees primarily related to increases in scholarship allowances and discounts. Nonoperating revenues in the fiscal year 2023 decreased \$1,331,777 primarily due to a significant decrease in federal revenue. Federal revenue decreased due to a decrease in federal grant awards received related to the COVID-19 pandemic.

Total expenses (operating and nonoperating) in the fiscal year 2023 decreased \$1,684,930, or 3.2 percent. This decrease was primarily related to a decrease in grant expenses related to scholarships and fellowships.

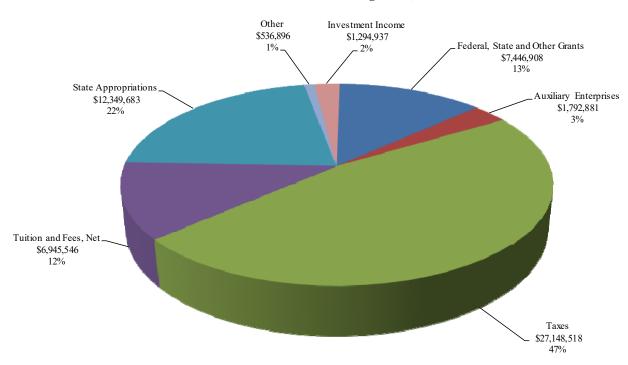

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the Years Ended August 31, 2023 and 2022

Fiscal Year 2022 Compared to 2021

Total revenues (operating and nonoperating) for the fiscal year 2022 were \$59,706,483. Operating revenues in the fiscal year 2022 decreased by \$471,535 largely due to a decrease in federal grants and contracts primarily related to a decrease in federal grant awards received for the Science, Technology, Engineering, and Mathematics Grant. Nonoperating revenues in the fiscal year 2022 decreased \$825,436. Nonoperating revenues included significant decreases in federal revenue due to a decrease in federal grant awards received related to the COVID-19 pandemic and significant decreases in state appropriations primarily due to a decrease in state contributions to the College's pension and other postemployment benefits plans. Nonoperating revenues also included an increase in property tax revenues related to increases in property tax appraisal values.

Total expenses (operating and nonoperating) in the fiscal year 2022 decreased \$142,035, or 0.3 percent. This decrease was primarily related to a decrease in grant expenses related to professor salaries.

The capital assets activity includes the right-to-use assets and the accumulated amortization of the right-to-use assets related to leases payable.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)
For the Years Ended August 31, 2023 and 2022

Fiscal Year 2023 Compared to 2022

As of August 31, 2023, the College had \$75,720,812 invested in capital assets, \$28,691,377 in accumulated depreciation and amortization, and \$47,029,435 in net capital assets. Significant additions during the fiscal year included computer hardware, campus signage, and new furniture.

Fiscal Year 2022 Compared to 2021

As of August 31, 2022, the College had \$74,615,729 invested in capital assets, \$27,255,421 in accumulated depreciation and amortization, and \$47,360,308 in net capital assets. Significant additions during the fiscal year included a new discontinuous distillation system, cyber security lab, and computer equipment and servers.

As required, detailed capital asset disclosures are presented in note 7 to the basic financial statements.

Long-Term Debt and Lease Payables

The principal balance of the bonds was \$21,940,000 and \$24,305,000 as of August 31, 2023 and 2022, respectively.

The principal balance of the leases payable related to Governmental Accounting Standards Board Statement No. 87, *Leases*, was \$49,251 and \$83,141 as of August 31, 2023 and 2022, respectively.

As required, detailed debt disclosures are presented in note 8 to the basic financial statements.

Contacting the College's Financial Management

This financial report is designed to provide the College's taxpayers, students, investors, and creditors with a general overview of the College's finances and to demonstrate the College's accountability for the money it receives. If you have any questions about this report or need additional information, contact the College's Business Office at 3110 Mustang Road, Alvin, Texas 77511.

NOTES TO FINANCIAL STATEMENTSFor the Years Ended August 31, 2023 and 2022

NOTE 1–Reporting Entity

Alvin Community College (the "College") was established in 1948, in accordance with the laws of the State of Texas, (the "State") to serve the educational needs of the City of Alvin and the surrounding communities. The College is considered to be a special purpose, primary government according to the definition in Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. While the College receives funding from local, State, and Federal sources, and must comply with the spending, reporting, and record keeping requirements of these entities, it is not a component unit of any other governmental entity.

GASB Statement No. 61, The Financial Reporting Entity: Omnibus – An Amendment of GASB Statements No. 14 and No. 34 (GASB 61), modifies certain requirements for inclusion of component units in the financial reporting entity. For organizations that previously were required to be included as component units by meeting the fiscal dependency criterion, a financial benefit or burden relationship also would need to be present between the primary government and that organization for it to be included in the reporting entity as a component unit. GASB 61 has been applied as required in the preparation of these basic financial statements and, accordingly, the Alvin Community College Foundation (the "Foundation") is considered a component unit of the College as of August 31, 2023 and 2022. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further discussed below.

The Foundation is a separate nonprofit organization, with the sole purpose of supporting the educational and other activities of the College. The Foundation reports its financial results under the standards of the Financial Accounting Standards Board. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences. The College furnished certain services, such as office space, supplies, and staff assistance, to the Foundation during the years ended August 31, 2023 and 2022. The costs of these services were not significant to the College.

NOTE 2–Summary of Significant Accounting Policies

Reporting Guidelines

The significant accounting policies followed by the College in preparing these basic financial statements are in accordance with the Texas Higher Education Coordinating Board's (THECB) *Annual Financial Reporting Requirements for Texas Public Community and Junior Colleges.* The College applies all applicable GASB pronouncements. The College is reported as a special purpose government engaged in business-type activities.

Basis of Accounting

The basic financial statements of the College have been prepared on the accrual basis of accounting whereby all revenues are recorded when earned and all expenses are recorded when they have been reduced to a legal or contractual obligation to pay.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Net Position

Net position is classified as follows:

Net investment in capital assets: This represents the College's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets.

Restricted net position – expendable: Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted net position – nonexpendable: Restricted nonexpendable net position is subject to externally imposed provisions that it be maintained permanently by the College.

Unrestricted net position: Unrestricted net position represents resources derived from student tuition and fees, State allocations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College, and may be used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

Operating and Nonoperating Revenue and Expense Policy

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the College's principal ongoing operations and are the result of exchange transactions with those who purchase, use, or directly benefit from the goods or services of the College. Operating revenues are reported gross of related expenses and net of any discount or sales allowance. The principal operating revenues are tuition and related fees (net of discounts); sales and services of auxiliary enterprises (net of discounts); and Federal, State, and local grants and contracts.

Nonoperating revenues include activities that have the characteristics of nonexchange transactions. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenue including State appropriations, Title IV student financial aid, property taxes, and investment income.

Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. Nonoperating expenses consist of interest and fiscal agent fees from capital-related debt.

Budgetary Data

Each community college district in Texas is required by law to prepare an annual operating budget of anticipated revenues and expenditures for the fiscal year beginning September 1. The College's Board of Regents (the "Board") adopts the budget, which is prepared on the accrual basis of accounting. A copy of the approved budget must be filed with the THECB, Legislative Budget Board, Legislative Reference Library, and Governor's Office of Budget and Planning by December 1.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Cash and Cash Equivalents

The College's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with maturities of three months or less from the date of acquisition.

Investments

Investments, except for certain investment pools, commercial paper, money market funds, and investment contracts, are reported at fair value. The investment pools operate in accordance with appropriate state laws and regulations and are reported at amortized cost. Money market funds, which are short-term highly liquid debt instruments that may include U.S. Treasury and agency obligations and commercial paper that have a remaining maturity of one year or less upon acquisition, are reported at amortized cost. Investments in nonparticipating interest-earning contracts, such as certificates of deposit, are reported at cost.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Deferred outflows/inflows of resources are amortized as follows:

- Deferred outflows/inflows from pension/other postemployment benefits (OPEB) activities are amortized over the average of the expected service lives of pension/OPEB plan members, except for the net differences between the projected and actual investment earnings on the pension/OPEB plan assets, which are amortized over a period of five years.
- For employer pension/OPEB plan contributions that were made subsequent to the measurement date through the end of the College's fiscal year, the amount is deferred and recognized as a reduction to the net pension/OPEB liability during the measurement period in which the contributions were made.
- A deferred gain on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Inventories

Inventories consist of bookstore stock and food service items. Inventories are valued at cost and charged to expenses as sold.

Capital Assets

Capital assets are recorded at cost at the date of acquisition. Donated capital assets are recorded at acquisition value at the date of donation. The College capitalizes all furniture and equipment with a unit cost equal to or greater than \$5,000 and an estimated useful life in excess of one year. Renovations of \$100,000 or greater to buildings and facilities and land improvements that significantly increase the value or extend the useful life of the

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

structure are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets and is not allocated to the functional expense categories. The following lives are used:

	Estimated
Asset Description	<u>Useful Life</u>
Buildings and improvement	50 years
Facilities and improvements	20 years
Library books	15 years
Furniture and equipment	10 years
Telecommunications equipment	5 years

Collections

The College has not capitalized its collection of art as it is considered immaterial to the College's financial position.

Unearned Revenues

Unearned revenues, primarily consisting of tuition and fees, relate to academic terms in the next fiscal year and, as such, have been deferred.

Tuition Discounting

Texas Public Education Grants – Certain tuition amounts are required to be set aside for use as scholarships by qualifying students. This set-aside, called the Texas Public Education Grant, is shown with tuition and fee revenue amounts as a separate set-aside amount (Texas Education Code §56.033). When the award for tuition is used by the student, the amount is recorded as a tuition and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the student, the amount is recorded as a scholarship expense.

Title IV Higher Education Act Program Funds ("Title IV") – Certain Title IV funds are received by the College to pass through to the student. These funds are initially received by the College and recorded as restricted revenue. When the student is awarded and uses these funds for tuition and fees, the amounts are recorded as revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the students, the amount is recorded as a scholarship expense.

Other tuition discounts – The College awards tuition and fee scholarships from institutional funds to qualifying students. When these amounts are used for tuition and fees, the amounts are recorded as tuition and fee revenue and a corresponding amount is recorded as a tuition discount. If the amount is disbursed directly to the students, the amount is recorded as a scholarship expense.

Bond Premiums and Issuance Costs

Premiums received are amortized over the term of the related bond. Costs incurred in connection with bond issuances are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Leases

The College is a lessee for noncancellable leases of equipment. The College recognizes a lease liability and intangible right-to-use lease assets (the "lease asset") in the financial statements.

At the commencement of a lease, the College initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the term of the lease.

Key estimates related to leases include how the College determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The College uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the College generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease.
- Lease payments included in the measurement of the lease liability are composed of fixed payments and the purchase option price that the College is reasonably certain to exercise.

The College monitors changes in circumstances that would require a measurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the Statements of Net Position.

Subscription-Based Information Technology Arrangements

The College has noncancellable subscription-based information technology arrangements (SBITAs) to finance the use of information technology software. The College would recognize a liability (the "subscription liability") and an intangible, right-to-use subscription asset (the "subscription asset") in the financial statements. The College's SBITAs to report are immaterial to the financial statements as a whole and are not recognized as a subscription liability or a subscription asset.

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Other Postemployment Benefits

The fiduciary net position of the Texas Employees Group Benefits Program (GBP) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, and information about assets, liabilities, and additions to/deductions from the GBP fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Income Taxes

The College is exempt from income taxes under Internal Revenue Code Section 115, *Income of States, Municipalities, etc.*, although unrelated business income may be subject to income taxes under Internal Revenue Code Section 511(a)(2)(8), *Imposition of Tax on Unrelated Business Income of Charitable, etc., Organizations.* The College had no unrelated business income tax liability for the years ended August 31, 2023 and 2022 and, therefore, has not recorded a liability for income taxes.

Reclassifications

Certain prior year amounts have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

Net Position Flow Assumption

Sometimes the College will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the College's practice to consider restricted net position to have been depleted before unrestricted net position is applied.

NOTE 3-Authorized Investments

The Board of the College has adopted a written investment policy regarding the investments of its funds as defined in the Public Funds Investment Act (the "Act") (Chapter 2256.001 Texas Government Code). The investments of the College are in compliance with the Board investment policy and the Act. The College is authorized to invest in obligations and instruments as follows: (1) obligations of the United States and its agencies, (2) direct obligations of the State or its agencies, (3) obligations of political subdivisions rated not less than "A" by a national investment rating firm, (4) certificates of deposit, and (5) other instruments and obligations authorized by statute.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

NOTE 4–Deposits and Investments

Deposits

Custodial credit risk – Custodial credit risk for deposits with financial institutions is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. The College's investment policy requires pledging of collateral for all bank balances in excess of Federal Deposit Insurance Corporation (FDIC) limits at a minimum of 102 percent of market value. As of August 31, 2023 and 2022, the College's cash and cash equivalents balances were either insured or collateralized, and thus not exposed to custodial credit risk.

Cash and cash equivalents reported on the Statements of Net Position consist of the items reported below at August 31:

		2023	2022
Cash and cash equivalents:		 	
Bank deposits - demand deposits		\$ 5,695,066	\$ 3,989,719
Petty cash		5,487	5,775
	Total Cash and Cash Equivalents	\$ 5,700,553	\$ 3,995,494

Investments

As of August 31, 2023, the College had the following investments:

		Weighted Average
Investment Type	 Value	Maturity (Years)
Certificates of deposit	\$ 22,749,141	0.41
TexSTAR	1,156,447	0.07
Total	\$ 23,905,588	
Portfolio weighted average maturity		0.40

As of August 31, 2023 and 2022, the College held certificates of deposit of \$22,749,141 and \$21,550,000 respectively. For the current fiscal year, the full amount of \$22,749,141 was classified as noncurrent investments.

Interest rate risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the College limits its exposure to interest rate risk by structuring its investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and investing operating funds primarily in shorter-term securities, money market mutual funds, or similar investment pools. Unless matched to a specific cash flow, the College may not directly invest in securities maturing more than three years from the date of purchase, with repurchase agreements limited to a maturity no longer than 120 days from the date of purchase.

Credit risk – The College limits its exposure to credit risk, the risk that the insurer of the debt security will not pay its par value upon maturity, by limiting investments to the safest types of securities; prequalifying the financial institutions, brokers, dealers, intermediaries, and advisers with whom the College does business; and diversifying the investment portfolio so that potential losses on individual securities will be minimized. In addition, the College's investment policy requires pledging of collateral for all securities at a minimum of 102 percent of market value.

Concentration risk – The College limits its exposure to concentration risk, the risk of loss attributable to the magnitude of investment in a single issuer, through portfolio diversification. The College's investment policy has

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

the following maximum limits, by authorized instrument, for the College's total portfolio: U.S. Treasury securities -100 percent, certificates of deposit -100 percent, money market mutual funds -75 percent, mutual funds -50 percent, agencies and instrumentalities -75 percent, repurchase agreements (with the exception of flexible repurchase agreements) -50 percent, authorized investment pools -100 percent, commercial paper -25 percent, and flexible repurchase agreements -100 percent.

TexSTAR

The Texas Short-Term Asset Reserve Fund (TexSTAR) is a local government investment pool organized under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Act. TexSTAR was created in April 2002 by contract among its participating governmental units and is governed by a board of directors. JPMorgan Fleming Asset Management (USA), Inc. and First Southwest Asset Management, Inc. act as co-administrators, providing investment management services, participant services, and marketing. JPMorgan Chase Bank and/or its subsidiary, J.P. Morgan Investor Services, Inc., provide custodial, transfer agency, fund accounting, and depository services.

TexSTAR is measured at amortized cost. TexSTAR's strategy is to seek preservation of principal, liquidity, and current income through investment in a diversified portfolio of short-term marketable securities. The College has no unfunded commitments related to TexSTAR. TexSTAR has a redemption notice period of one day and may redeem daily. TexSTAR's authorities may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium, or national or state emergency that affects TexSTAR's liquidity.

NOTE 5-Disaggregation of Accounts Receivable

Accounts receivable were as follows at August 31:

	2023	 2022
Student receivable	\$ 2,550,353	\$ 1,812,813
Taxes receivable	591,696	517,028
Interest receivable	215,771	62,711
Federal receivable	242,499	195,325
State receivable	92,650	349,648
Sponsor receivable	242,905	419,236
ACC Foundation	 36,887	16,089
Total accounts receivable	3,972,761	3,372,850
Less allowance for doubtful accounts	(650,198)	 (475,010)
Total Accounts Receivable, Net	\$ 3,322,563	\$ 2,897,840

NOTE 6-Disaggregation of Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities were as follows at August 31:

	 2023	2022		
Vendors payable	\$ 657,387	\$	1,178,150	
Sales tax payable	 25,381		22,646	
Total Accounts Payable and Accrued Liabilities	\$ 682,768	\$	1,200,796	

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

NOTE 7–Capital Assets

Capital asset activity for the years ended August 31, 2023 and 2022 was as follows:

NOTE 9–Bonds, Notes, and Leases Payable

General information related to bonds payable is summarized as follows:

Tax Notes, Series 2018

- To provide capital for additional construction and improvements around the campus.
- Issued August 15, 2018.
- Interest rates range from 3 percent to 5 percent.
- Due in semiannual installments each February 15 and August 15, with the first principal and interest payment being due February 15, 2019.
- Source of revenue for debt service annual ad valorem taxes.
- Outstanding tax note payable of \$18,820,000 at August 31, 2023.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Limited Tax Refunding Bonds, Series 2021

- To advance refund \$4,665,000 of the Limited Tax Refunding, Series 2012 bonds and to pay the costs of issuing the bonds.
- Issued November 17, 2021.
- Original amount of issue \$4,665,000, with all authorized bonds issued.
- Interest rate of 0.81 percent.
- Due in semiannual installments each February 15 and August 15, with interest payments beginning August 15, 2022 and principal payments beginning February 15, 2023, with the final installment due February 15, 2025.
- Source of revenue for debt service annual ad valorem taxes.
- Outstanding bonds payable of \$3,120,000 at August 31, 2023.

Bond and Note Debt Service Requirements

The bonds and note debt service requirements for the next five years and five-year increments thereafter are as follows:

Fiscal Year						
Ended August 31	Principal		 Interest		Total	
2024	\$	2,420,000	\$ 938,349	\$	3,358,349	
2025		2,470,000	881,463		3,351,463	
2026		955,000	828,625		1,783,625	
2027		1,005,000	779,625		1,784,625	
2028		1,055,000	728,125		1,783,125	
2029-2033		6,145,000	2,771,375		8,916,375	
2034-2038		7,890,000	 1,025,750		8,915,750	
Total	\$	21,940,000	\$ 7,953,313	\$	29,893,313	

Leases Payable

The College was a lessee for the acquisition and use of equipment which is recorded with capital assets. As of August 31, 2022 and 2023, the value of the equipment lease liabilities was \$83,141 and \$49,251, respectively. The College made principal and interest payments on the leases in fiscal years 2022 and 2023 for \$84,011 and \$34,166, respectively. The College will continue to make principal and interest payments on leases through the fiscal year 2026. The interest rates on the equipment that is leased ranges from 0.34 to 0.43 percent. The equipment is amortized based on the term of the lease agreement which is from 21 months to 60 months from the beginning of the fiscal year 2021. The value of the right-to-use assets for equipment for the fiscal year 2022 was \$177,651 and had accumulated amortization of \$93,582. The value of the right-to-use assets for equipment for the fiscal year 2023 was \$177,651 and had accumulated amortization of \$127,453.

The future principal and interest lease payments as of August 31, 2023 were as follows:

Fiscal Year					Total
Ended August 31	Principal		Interest	Re	equirements
2024	\$	23,585	\$ 166	\$	23,751
2025		23,687	64		23,751
2026		1,979	 1		1,980
Total	\$	49,251	\$ 231	\$	49,482

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Arbitrage Liability

The Tax Reform Act of 1986 instituted certain arbitrage consisting of complex regulations with respect to issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years for applicable bond issues. Accordingly, there is a risk that if such calculations are not performed, or are not performed correctly, a substantial liability to the College could result. The College periodically engages an arbitrage consultant to perform the calculations in accordance with IRS rules and regulations and the arbitrage liability is adjusted accordingly.

NOTE 10-Employee Retirement Plans

The College's employees may participate in one of three retirement plans. Faculty, administrators, counselors, and librarians may enroll in either TRS or the Optional Retirement Plan (ORP). Secretarial and clerical employees participate in TRS and part-time employees not enrolled in either TRS or ORP participate in the Alvin Community College Money Purchase Plan (the "Money Purchase Plan"). The total payroll for all College employees was \$25,203,357 and \$24,093,508 for the fiscal years ended August 31, 2023 and 2022, respectively.

Teacher Retirement System

Plan Description

The College participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by TRS. It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. TRS's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in the State who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by TRS.

Pension Plan Fiduciary Net Position

Detailed information about TRS's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report that includes financial statements and Required Supplementary Information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in the State. The pension formula is calculated using 2.3% (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic postemployment benefit changes; including automatic cost-of-living adjustments (COLAs). Ad hoc postemployment benefit changes, including ad hoc COLAs, can be granted by the Texas Legislature as noted in the Plan Description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by TRS's actuary.

Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of TRS during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. Senate Bill 12 of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025.

bution 1	

		P	ublic Education	on	Active

Employer contri	outions	\$	822,163	\$	897,935
Member contribu	ıtions	\$	1,466,514	\$	1,567,666

Contributors to TRS include members, employers, and the State as the only nonemployer contributing entity (NECE). The State is the employer for senior colleges, medical schools, and state agencies, including TRS. In each respective role, the State contributes to TRS in accordance with state statutes and the General Appropriations Act (GAA).

609,067

1,415,458

NECE on-behalf contributions

NOTES TO FINANCIAL STATEMENTS (Continued) For the Years Ended August 31, 2023 and 2022

As the NECE for public education and junior colleges, the State contributes to TRS an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of TRS during that fiscal year reduced by the amounts described below, which are paid by the employers. Employers (public schools, junior colleges, other entities, or the State as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from noneducational, and general or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to TRS an amount equal to 50% of the state contribution rate for certain instructional or administrative employees and 100% of the state contribution rate for all other employees.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to:

- All public schools, charter schools, and regional educational service centers must contribute 1.7% of the member's salary beginning in fiscal year 2022, gradually increasing to 2.0 % in fiscal year 2025.
- When employing a retiree of TRS, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions

The total pension liability (TPL) in the August 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

> Valuation date August 31, 2021 rolled forward to August 31, 2022 Actuarial cost method Individual entry age normal Fair Value Asset valuation method Single discount rate Long-term expected investment rate of return Municipal bond rate as of August 2022

3.91% - The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index"

7.00%

7.00%

2.30% Inflation Salary increases, including inflation 2.95% to 8.95%, including inflation Benefit changes during the year None Ad hoc postemployment benefit changes None

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

The actuarial methods and assumptions used in the determination of the TPL are the same assumptions used in the actuarial valuation as of August 31, 2021. For a full description of these assumptions, please see the TRS actuarial valuation report dated November 12, 2021.

Discount Rate

A single discount rate of 7.00% was used to measure the TPL. The single discount rate was based on the expected rate of return on plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers, and the NECE will be made at the rates set by the Legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the TRS's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the TPL.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of return on TRS investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Years Ended August 31, 2023 and 2022

Best estimates of geometric real rates of return for each major asset class included in TRS's target asset allocation as of August 31, 2022 are summarized below:

Teacher Retirement System of Texas Asset Allocation and Long-Term Expected Real Rate of Return As of August 31, 2022

Asset Class	Target Allocation (1)	Long-Term Expected Arithmetic Real Rate of Return (2)	Expected Contributions to Long-Term Portfolio Returns

^{*}Absolute Return includes Credit Sensitive Investments

- (1) Target allocations are based on the FY2022 policy model.
- (2) Capital Market Assumptions come from Aon Hewitt (as of 08/31/2022).
- (3) The volatility drag results from the conversion between arithmetic and geometric mean returns.

Discount Rate Sensitivity Analysis

The following table presents the net pension liability (NPL) of TRS using the discount rate of 7%, and what the NPL would be if it was calculated using a discount rate that is one percentage point lower (6%) or one percentage point higher (8%) than the current rate:

	1%	6 Decrease in		1%	% Increase in		
	iscount Rate	Discount Rate					
College's proportionate share of		(6%)		(7%)	(8%)		
the net pension liability	\$	16,271,882	\$	10,460,057	\$	5,749,299	

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Pension Liability, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

At August 31, 2023, the College reported a liability of \$10,460,057 for its proportionate share of the TRS's NPL. This liability reflects a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the NPL, the related State support, and the total portion of the NPL that was associated with the College were as follows:

College's proportionate share of the collective net pension liability		\$ 10,460,057
State's proportionate share that is associated with the College		7,748,918
	Total	\$ 18,208,975

The NPL was measured as of August 31, 2021 and rolled forward to August 31, 2022, and the TPL used to calculate the NPL was determined by an actuarial valuation as of that date. The College's proportion of the NPL was based on the College's contributions to TRS relative to the contributions of all employers to TRS for the period September 1, 2021 through August 31, 2022.

At August 31, 2023, the College's proportion of the collective NPL was 0.0176192%, which was a decrease of 0.0006263% from its proportion measured as of August 31, 2022.

Changes Since the Prior Actuarial Valuation

The actuarial assumptions and methods have been modified since the determination of the prior year's NPL. These new assumptions were adopted in conjunction with an actuarial experience study. The primary assumption change was the lowering of the single discount rate from 7.25% to 7.00%.

For the year ended August 31, 2023, the District recognized pension expense of \$740,709 and revenue of \$740,709 for support provided by the State.

At August 31, 2023, the College reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Deferred			Deferred	
		(Outflows of	Inflows of		
			Resources	Resources		
Difference between expected and actual economic experience		\$	151,670	\$	228,049	
Changes in actuarial assumptions			1,949,049		485,757	
Net difference between projected and actual investment earnings			1,033,420		-	
Changes in proportion and difference between the employer's						
contributions and the proportionate share of contributions			177,336		344,718	
Contributions paid to TRS subsequent to the measurement date			897,935			
	Total	\$	4,209,410	\$	1,058,524	

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Years Ended August 31, 2023 and 2022

The net amounts of the College's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ended		
August 31	Pe	ension Expense
2024	\$	638,247
2025		313,181
2026		50,372
2027		1,129,176
2028		121,975
Thereafter		
Total	\$	2,252,951

Optional Retirement Plan

Plan Description

The State has also established an ORP for institutions of higher education. Participation in an ORP is in lieu of participation in TRS. The ORP provides for the purchase of annuity contracts and operates under the provisions of Texas Constitution, Article XVI, Sec. 67 and Texas Government Code, Title 8, Subtitle C.

Funding Policy

Contribution requirements are not actuarially determined but are established and amended by the Legislature. The percentage of participant salaries contributed by the State and each participant was 6.6% of annual compensation in fiscal years 2022 and 2023. The College also made additional contributions of 0.9% of annual compensation in fiscal years 2022 and 2023 for employees who were employed after September 1, 1995. For employees who were employed as of September 1, 1995, the College contributed 1.9% for fiscal years 2023 and 2022 of annual compensation. Benefits are fully vested after one year plus one day of employment. Because these are individual annuity contracts, neither the State nor the College has an additional or unfunded liability for this program. Senate Bill 1812, effective September 1, 2013, limits the amount of the State's contribution to 50 percent of eligible employees in the reporting district.

The ORP retirement expense to the State for the College was \$100,200, \$110,000, and \$111,659 for fiscal years 2023, 2022, and 2021, respectively. These amounts represent the portion of expended appropriations made by the Legislature on behalf of the College.

The total payroll for all College employees was \$25,203,357, \$24,093,508, and \$23,445,858 for fiscal years 2023, 2022, and 2021, respectively. The total payroll of employees covered by the ORP was \$3,036,379, \$3,333,331, and \$3,385,604 for fiscal years 2023, 2022, and 2021, respectively.

Alvin Community College Money Purchase Plan

The Money Purchase Plan is a defined contribution plan created in accordance with the Internal Revenue Code Section 401(a) and is available to eligible, part-time employees of the College. Under the Money Purchase Plan, employees may contribute 6.2% of their total gross earnings and the College contributes 1.3% of the participant's total gross earnings. Benefits are immediately vested. The total payroll of employees covered by the Money Purchase Plan was \$1,575,492, and \$1,580,685 for the years ended August 31, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Contributions made by the College during the years ended August 31, 2023 and 2022 were approximately \$20,481 and \$20,549, respectively.

NOTE 11-Postemployment Health Care and Life Insurance Benefits

Employees Retirement System of Texas

Plan Description

The College participates in a cost-sharing, multiple-employer, OPEB plan with a special funding situation. The GBP is administered by the Employees Retirement System of Texas (ERS). The GBP provides certain postemployment health care, life, and dental insurance benefits to retired employees of participating universities, community colleges, and State agencies in accordance with Chapter 1551, Texas Insurance Code. Almost all employees may become eligible for those benefits if they reach normal retirement age while working for the State and retire with at least 10 years of service to eligible entities. Surviving spouses and dependents of these retirees are also covered. Benefit and contribution provisions of the GBP are authorized by State law and may be amended by the Legislature.

OPEB Plan Fiduciary Net Position

Detailed information about the GBP's fiduciary net position is available in the separately issued ERS Annual Comprehensive Financial Report that includes financial statements, notes to the financial statements, and Required Supplementary Information. That report may be obtained on the Internet at https://ers.texas.gov/About-ERS/Reports-and-Studies/ Reports - on - Overall - ERS - Operations - and -Financial - Management; by writing to ERS at 200 East 18th Street, Austin, TX 78701; or by calling (877) 275-4377. The fiduciary net position of GBP has been determined using the same basis used by the OPEB plan.

Benefits Provided

Retiree health benefits offered through the GBP are available to most State retirees and their eligible dependents. Participants need at least 10 years of service credit with an agency or institution that participates in the GBP to be eligible for GBP retiree insurance. The GBP provides self-funded group health (medical and prescription drug) benefits for eligible retirees under HealthSelect. The GBP also provides a fully insured medical benefit option for Medicare-primary participants under the HealthSelect Medicare Advantage Plan and life insurance benefits to eligible retirees via a minimum premium funding arrangement. The authority under which the obligations of the GBP members and employers are established and/or may be amended is Chapter 1551, Texas Insurance Code.

Contributions

Section 1551.055 of Chapter 1551, Texas Insurance Code, provides that contribution requirements of GBP members and the participating employers are established and may be amended by the ERS Board of Trustees (the "ERS Board"). The employer and member contribution rates are determined annually by the ERS Board based on the recommendations of ERS staff and its consulting actuary. The contribution rates are determined based on (i) the benefit and administrative costs expected to be incurred, (ii) the funds appropriated, and (iii) the funding policy established by the Legislature in connection with benefits provided through the GBP. The Board revises benefits when necessary to match expected benefit and administrative costs with the revenue expected to be generated by the appropriated funds.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

The following table summarizes the maximum monthly employer contribution toward eligible retirees' health and basic life premiums. Retirees pay any premium over and above the employer contribution. The College does not contribute toward dental or optional life insurance. Surviving spouses and their dependents do not receive any

employer contribution. As the NECE, the State pays part of the premiums for the junior and community colleges.

Maximum Montly Employer Contribution Fiscal Year 2023

Retiree Only	\$ 625
Retiree and Spouse	\$ 1,340
Retiree and Children	\$ 1,104
Retiree and Family	\$ 1,819

Contributions of premiums to the GBP for the current and prior fiscal year by source are summarized in the following table:

Premium Contributions by Source Group Benefits Program Plan

	For the Years Ended August 31,					
		2022	2021			
Employer contributions	\$	699,999,453	\$	766,689,167		
Member contributions		190,659,955		192,426,941		
NECE on-behalf contributions		36,750,724		39,188,518		
Total	\$	927,410,132	\$	998,304,626		

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of August 31, 2022 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date August 31, 2022
Actuarial cost method Entry age

Amortization method Level percentage of payroll, open

Remaining amortization period 30 years
Asset valuation method Not applicable
Inflation 2.30%

Healthcare cost trend rates:

Medical (HealthSelect) 5.60% for FY2024, 5.30% for FY2025,

5.00% for FY2026, 4.75% for FY2027, 4.60% for FY2028, decreasing 10 basis points per year to an ultimate rate of 4.30% for FY2031 and later years.

Medicare (HealthSelect Medicare 66.67% for FY2024, 24.00% for FY2025,

Advantage) 5.00% for FY2026, 4.75% for FY2027,

4.60% for FY2028, decreasing 10 basis points per year to an ultimate rate of 4.30% for FY2031 and later years.

Pharmacy 10.00% for FY2024, 10.00% for FY2025,

decreasing 100 basis points per year to 5.00% for FY2030 and 4.30% for FY2031 and later years.

Salary increases 2.30% to 8.95%, including inflation

Discount rate 3.59%
Aggregate payroll growth 2.70%

Retirement age Experience-based tables of rates that are specific to the class of employee.

Many of the actuarial assumptions used in this valuation were based on the results of actuarial experience studies performed by the ERS and TRS retirement plan actuaries for the period September 1, 2021, through August 31, 2022 for higher education members.

Investment Policy

The GBP is a pay-as-you-go plan and does not accumulate funds in advance of retirement. The ERS Board adopted the amendment to the investment policy in August 2017 to require that all funds in the GBP be invested in short-term fixed income securities and specify that the expected rate of return on these investments is 2.4 percent.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

Discount Rate

Because the GBP does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the municipal bonds rate. The discount rate used to determine the total OPEB liability as of the beginning of the measurement year was 2.14 percent. The discount rate used to measure the total OPEB liability as of the end of the measurement year was 3.59 percent, which amounted to an increase of 1.45 percent. The source of the municipal bond rate was the Bond Buyer Index of general obligation bonds with 20 years to maturity and mixed credit quality. The bond's average credit quality is roughly equivalent to Moody's Investors Service's 'Aa2' rating and Standard & Poor's 'AA' rating. Projected cash flows into the GBP are equal to projected benefit payments out of the GBP. Because the GBP operates on a pay-as-you-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on GBP assets and, therefore, the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

Discount Rate Sensitivity Analysis

The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the discount rate used was 1 percent less than and 1 percent greater than the discount rate that was used in measuring the net OPEB Liability.

	1%	6 Decrease in			1% Increase in		
	Discount Rate (2.59%)		Discount Rate (3.59%)		D	oiscount Rate (4.59%)	
College's proportionate share of			·				
the net OPEB liability	\$	26,422,735	\$	22,655,137	\$	19,641,964	

Healthcare Trend Rate Sensitivity Analysis

The initial healthcare trend rate is 5.60 percent and the ultimate rate is 4.30 percent. The following schedule shows the impact on the College's proportionate share of the collective net OPEB liability if the healthcare cost trend rate used was 1 percent less than and 1 percent greater than the healthcare cost trend rate that was used in measuring the net OPEB Liability.

	1%	1% Decrease in		Current	1% Increase in			
	-			Healthcare Cost Trend Rate		althcare Cost Frend Rate		
College's proportionate share of								
the net OPEB liability	\$	19,401,011	\$	22,655,137	\$	26,809,777		

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

OPEB Liability

At August 31, 2023, the College reported a liability of \$22,655,137 for its proportionate share of the GBP's net OPEB liability. This liability reflects a reduction for State support provided to the College for OPEB. The amount recognized by the College as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the College were as follows:

	Total	\$ 40,826,575
State's proportionate share that is associated with the College		18,171,438
College's proportionate share of the collective net OPEB liability		\$ 22,655,137

The net OPEB liability was measured as of August 31, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The College's proportion of the net OPEB liability was based on the College's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2021 through August 31, 2022.

At the measurement date of August 31, 2022, the College's proportion of the collective net OPEB liability was 0.0795281%, which was a decrease of 0.0055118% compared to the proportion measured as of August 31, 2021.

For the fiscal year ended August 31, 2023, the College recognized OPEB expense of \$1,367,741 and revenue of \$1,367,741 for support provided by the State.

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the total OPEB liability since the prior measurement period:

- Demographic assumptions (including rate of retirement, disability, termination, mortality, and assumed salary increases), for Higher Education members have been updated to reflect assumptions recently adopted by the TRS Trustees.
- The percentage of current retirees and retiree spouses not yet eligible to participate in the HealthSelect Medicare Advantage Plan and future retirees and retiree spouses who will elect to participate in the plan at the earliest date at which coverage can commence.
- The percentage of future retirees assumed to cover dependent children.
- The proportion of future retirees assumed to elect health coverage at retirement and the proportion of future retirees expected to receive the opt-out credit at retirement.
- Assumed per capita health benefit costs and assumed health benefit cost and retiree contribution trends have been updated to reflect recent health plan experience and its effects on short-term expectations.
- The Patient-Centered Outcomes Research Institute fee payable under the Affordable Care Act has been updated to reflect the most recent available information.
- The discount rate was changed from 2.14% to 3.59% as a result of requirements by GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pensions, to reflect the yield or index rate for 20-year, tax exempt general obligation municipal bonds rate 'AA/Aa' (or equivalent) or higher in effect on the measurement date.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

There were no changes in benefit terms since the prior measurement date.

At August 31, 2023, the College reported its proportionate share of the GBP's collective deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

		C	Deferred Outflows of Resources	 Deferred Inflows of Resources
Net difference between projected and actual investment earnings		\$	3,908	\$ -
Changes in assumptions			1,331,080	7,002,917
Difference between expected and actual experience			-	714,797
Effect of change in proportion and contributions difference			3,630,237	287,829
Contributions paid to GBP subsequent to the measurement date			2,412,119	
	Total	\$	7,377,344	\$ 8,005,543

The net amounts of the College's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ended	OPEB
August 31	 Expense
2024	\$ (316,359)
2025	(156,784)
2026	(729,956)
2027	(1,112,149)
2028	(725,070)
Thereafter	
Total	\$ (3,040,318)

NOTE 12–Compensated Absences

Compensated absences represent the liability associated with vacation benefits and compensatory time earned but not yet taken by employees of the College. The expense associated with vacation benefits and compensatory time benefits earned is recognized in the periods in which the associated employee services are rendered. Full-time employees earn annual leave at the rate of eight hours per month (September through May). No employee may accrue more than 192 hours of vacation benefits and, upon termination, an employee is paid for vacation benefits and accrued compensatory time (if compensatory time is applicable). As of August 31, 2023 and 2022, the College had an accrued vacation and compensated time liability of \$536,436 and \$506,807, respectively.

Sick leave is earned at the rate of ten hours per month with a limit of 720 hours. It is paid to an employee who misses work because of illness. Unused accrued sick leave is forfeited upon termination of employment with the College. Therefore, no accrued liability has been recorded for sick leave.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

NOTE 13-Contract and Grant Awards

Contract and grant awards are accounted for in accordance with the requirements of accounting principles generally accepted in the United States of America. Revenues are recognized on Exhibit 2 and Schedule A. Contract and grant awards for which funds are expended, but not collected, are reported as receivables on Exhibit 1. Contract and grant awards that are not yet funded and for which the College has not yet performed services are not included in the basic financial statements. Contract and grant award funds already committed, e.g., multi-year awards, or funds awarded during fiscal years 2023 and 2022 for which monies have not been received nor funds expended totaled \$4,835,734 and \$4,507,786, respectively, all of which were from Federal contract and grant awards for fiscal years 2023 and 2022.

NOTE 14–Property Taxes

The College's ad valorem property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the tax area of the College. Property taxes are recorded on the accrual basis of accounting.

At August 31:

	2023	2022	
Assessed valuation of the tax district	\$ 18,599,509,306	\$ 15,678,499,663	
Less exemptions	(2,128,876,260)	(1,842,749,864)	
Net Assessed Valuation of the Tax District	\$ 16,470,633,046	\$ 13,835,749,799	
	Maintenance & Operations	Debt Service	Total
For fiscal year 2023:			
Tax rate per \$100 valuation authorized	\$ 0.500000	\$ 0.500000	\$ 1.000000
Tax rate per \$100 valuation assessed	\$ 0.154314	\$ 0.009831	\$ 0.164145
For fiscal year 2022:			
Tax rate per \$100 valuation authorized	\$ 0.500000	\$ 0.500000	\$ 1.000000
Tax rate per \$100 valuation assessed	\$ 0.171457	\$ 0.011754	\$ 0.183211

Taxes levied for the years ended August 31, 2023 and 2022 were \$27,037,546 and \$25,361,267, respectively. Taxes are due upon receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed.

Under GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions, ad valorem taxes are imposed nonexchange revenue. Assets from imposed nonexchange transactions are recorded when the entity has an enforceable legal claim to the assets or when the entity receives resources, whichever comes first. The enforceable legal claim date for ad valorem taxes is the assessment date. Accordingly, the College has recognized all assessed taxes and recorded a receivable for uncollected taxes.

NOTES TO FINANCIAL STATEMENTS (Continued)

For the Years Ended August 31, 2023 and 2022

For the year ended August 31, 2023:

	I	Maintenance	Debt	
Taxes collected:		& Operations	 Service	Total
Current taxes collected	\$	25,181,906	\$ 1,601,400	\$ 26,783,306
Delinquent taxes collected		193,702	10,473	204,175
Penalties and interest collected		147,411	13,626	161,037
Total Taxes Collected	\$	25,523,019	\$ 1,625,499	\$ 27,148,518

For the year ended August 31, 2022:

	Maintenance	Debt	
	& Operations	 Service	 Total
Current taxes collected	\$ 23,461,612	\$ 1,614,232	\$ 25,075,844
Delinquent taxes collected	262,859	21,050	283,909
Penalties and interest collected	127,926	9,825	 137,751
Total Taxes Collected	\$ 23,852,397	\$ 1,645,107	\$ 25,497,504

Tax collections for both years ended August 31, 2023 and 2022 were 99 percent of the current tax levy. Allowances for uncollectible taxes are based upon historical experience in collecting property taxes. The use of tax proceeds is restricted to maintenance and operations and debt service.

NOTE 15-Contingent Liabilities

Legal Matters

The College is involved in various legal proceedings arising from its operations. While the ultimate liability with respect to litigation against the College cannot be reasonably estimated at this time, management of the College believes that the outcome of these proceedings, individually and in the aggregate, will have no material effect on the College's financial position.

State and Federally Assisted Programs

The College participates in a number of State and Federally assisted programs. These programs are subject to program compliance audits by the grantors or their representatives. Accordingly, the College's compliance with applicable grant requirements will be finally determined at some future date. The amount of expenses, if any, which may be disallowed by the grantor agencies cannot be determined at this time, although management of the College expects such amounts, if any, to be immaterial.

NOTE 16–Risk Management

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the College maintains general liability insurance through a commercial insurance company. Workers' compensation coverage is obtained through the Deep East Texas Self-Insurance Fund program. This interlocal agreement permits public entities to enter into agreements with other public entities in the interest of cooperatively sharing resources for their mutual benefit. The College has no additional risk beyond the amount of the monthly premiums. The College has not significantly reduced insurance coverage or had settlements which exceeded coverage amounts for the past three years.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the Years Ended August 31, 2023 and 2022

NOTE 17–Alvin Community College Foundation

The Foundation is a separate nonprofit organization, with the sole purpose of supporting the educational and other activities of the College. The Foundation remitted restricted and unrestricted funds of \$171,196 and \$134,823 to the College for the years ended August 31, 2023 and 2022, respectively. The College furnished certain services, such as office space, supplies, and staff assistance, to the Foundation during the years ended August 31, 2023 and 2022. The costs of these services were not significant to the College.

SINGLE AUDIT REPORT AND SCHEDULES OF FEDERAL AND STATE AWARDS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Regents of Alvin Community College:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Alvin Community College (the "College"), as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements and have issued our report thereon dated December 15, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Texas Public Funds Investment Act

We have performed tests designed to verify the College's compliance with the requirements of the Texas Public Funds Investment Act (the "Act"). During the year ended August 31, 2023, the results of our tests disclosed no instances of noncompliance with the Act. However, providing an opinion on compliance with the Act was not an objective of our audit and, accordingly, we do not express an opinion.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BELT HARRIS PECHACEK, LLLP

Belt Harris Pechacek, LLLP Certified Public Accountants Houston, Texas December 15, 2023

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

To the Board of Regents of Alvin Community College:

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited Alvin Community College's (the "College") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of the College's major federal and state programs for the year ended August 31, 2023. The College's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State of Texas Single Audit Circular*. Our responsibilities under those standards, the Uniform Guidance, and the *State of Texas Single Audit Circular* are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal and state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and the State of Texas Single Audit Circular will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the *State of Texas Single Audit Circular*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the College's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control
 over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an
 opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such
 opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State of Texas Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.

Tot	al Office of the Governor		15,430	
Total Expe	nditures of State Awards	\$	839,950	

See accompanying notes to schedule of expenditures of Federal and State awards.

NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE AWARDS

For the Year Ended August 31, 2023

1. FEDERAL ASSISTANCE RECONCILIATION

Federal revenues:

Federal grants and contracts - per Schedule A	\$ 830,502
Federal revenue, nonoperating - per Schedule C	5,776,456
Total Federal Revenues	\$ 6,606,958

2. SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULES

The schedules of expenditures of Federal and State awards (the "Schedules") present the activity of Federal and State financial assistance programs of the College for the year ended August 31, 2023. Federal financial assistance received directly from Federal agencies is included in these Schedules.

Expenditure reports to funding agencies are prepared on the award period basis. The expenditures reported previously represent funds which have been expended by the College for the purposes of the award during fiscal year 2023. The expenditures reported previously may not have been reimbursed by the funding agencies as of the end of fiscal year 2023. Separate accounts are maintained for the different awards to aid in the observance of limitations and restrictions imposed by the funding agencies. The College has followed all applicable guidelines issued by various entities in the preparation of the Schedules.

The College has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

3. RELATIONSHIP TO FEDERAL AND STATE REPORTS

Differences between amounts reflected in the financial reports filed with grantor agencies for the programs and in the Schedules are due to different program year ends and accruals that will be reflected in the next report filed with the grantor agencies.
