

Pre and Co Requisites

"P" indicates courses which must have been passed prior to enrollment in the selected course. In the case of INRW 0310, DIRW/DIRR 0310 or MATH 0310, the student must have passed at least the 0309 level course or must have passed the 0309 level on the TSI or an alternate test.

"C" indicates courses which, if not already passed, must be taken concurrently with the selected course. INRW/DIRW/DIRR and MATH co requisites are not required if the placement test or applicable courses have been passed.
