**Step 2: #CampusClear Daily Screening App**

As part of our comprehensive strategy for controlling the spread of COVID-19 on campus, we are deploying **#CampusClear**, a daily self-screening app and campus “FastPass.” Everyone in our learning community is required to use **#CampusClear** to gain access to buildings on campus.

To get started, install **#CampusClear** from your phone’s app store, or from the links below on your device:

- **iOS (Apple)**
- **Android (Google Play)**

Please make sure you enable notifications from the app. There will only be 1 notification each day to prompt you to take the self-screening survey.

Once you’ve downloaded **#CampusClear**, log in by entering your ACC email address. You’ll receive an email confirmation, and after clicking the confirmation link, you’ll have access to the app.

It only takes a few seconds to self-screen, and your participation helps to keep our campus safe for everyone. Likewise, please be sure to self-screen daily, even if you have no symptoms.

Visitors and those without smartphones must use the **paper self-screening form**.

**Step 3: Complete a Temperature Check**

Upon arrival to the campus, you must visit a checkpoint and display the result of your **#CampusClear** screening, have your temperature checked, and be issued a wristband to access the campus. The current checkpoints is located at the S building drive-through (#1).

See the **Screening Procedures** web page for times at each location.

The College Store curbside pick up location at building H (#3) is available for obtaining books and other supplies. No screening is required if you are only using the College Store’s curbside service.
