**Topic: Sociological perspective
of the effects of pop culture and
media consumption**

Ron Smith, ACC sociology faculty, received his master's degree in sociology at Texas Southern University, where he played football as a student athlete. He has taught various sociology courses at several community colleges and universities in Texas and upstate New York.

Ron has appeared on local television as a political analyst during the mid-term election 2018 for ABC affiliate KAVU-TV in Victoria, TX. He has appeared on the nationally syndicated radio show, The Staying Young Show. Most recently, he has appeared on the Six Thirty-Five Podcast.
