THE MOORE HOUSE

John and Shannon Moore are a husband and wife team who combined their talents and careers to open The Moore House in Alvin, Texas. Established in 2022, The Moore House offers home décor, furnishings, decorating, and construction services. John, a General Contractor, uses his experience and expertise to design and create timeless living spaces in renovations, remodels, additions, and new construction. Shannon, an interior decorator, specializes in transforming home interiors. When they are not working, John and Shannon enjoy being involved in community events and working with local charities. However, they get the most enjoyment out of spending time with their two young children and other family members.
