

How to Understand Shakespeare

For Those Not Born in the 16th Century

featuring guest artist Amanda Murray

ABOUT THE WORKSHOP:

Shakespeare didn't write for English classrooms—he wrote for the stage! He wrote for a stage that was vibrant, funny, dangerous, political, and dramatic. This workshop will reveal the secrets to understanding Shakespeare and the keys to unlocking the language that separates us from the greatest writer in the English language.

As this 4-day, 16-hour workshop progresses, we will move from understanding the importance of Shakespeare's work to enjoying a deeper appreciation of its intricate nature. We will dive deeply into several of his plays and poems, exploring performance techniques and various approaches to his work. This workshop will empower you to understand Shakespeare more deeply!

AGE GROUP:

The intensive is open to **8th graders through high school seniors**, including those about to enter 8th grade and seniors who have just graduated.

*There is a \$25 registration fee to cover supply costs.
Financial assistance is available if needed.*
