>Inside Gun Range, N-127

R-Building
>Hallway near R-102

S-Building
>Downstairs— On wall next to S-140

T-Building
>Main entrance near T-105

What is an AED?

AED stands for Automated External Defibrillator.

It is a medical device that analyzes the heart's rhythm.

If necessary, it delivers an electrical shock, known as defibrillation, which helps the heart re-establish an effective rhythm.

For Emergencies, call ACC Police at

281-756-3700 or call 911.
