## Be A Metallica Scholar!

ACC is one of two colleges in the state of Texas to provide the Metallica Scholars Initiative grant for students looking to enter a trade.

\*Qualified students would only need to pay \$218.20 out of pocket. The grant funds \$3,930.00 in tuition and fees.

Applicants must demonstrate financial need by being approved for a government subsidized program and/or COVID-19 related hardship.

Students completing the CDL program can also schedule driving tests and have them graded at ACC without having to go elsewhere.
