### Documentation Guidelines

These guidelines will assist you in identifying or obtaining documentation necessary to verify eligibility under the Americans with Disabilities Act of 1990, ADA Amendments Act of 2008, and Section 504 of the Rehabilitation Act of 1973. Students requesting support services through the Student Accessibility Services Office at Alvin Community College are required to submit documentation. Providing documentation does not automatically qualify an individual for academic accommodations.

### Appropriate documentation should meet the following guidelines:

- The evaluation should be **typed on letterhead** that includes the place of employment, address, and phone number of the qualified professional that completed the evaluation. It must be dated, and signed by the qualified professional.
- The evaluation must be conducted by a **qualified professional** with comprehensive training and relevant experience in the diagnosis of psychiatric and related disorders. It must include the name, title, and professional credentials of the evaluator including information about license, certification and/or area(s) of specialization.
- Qualified professionals may include: psychologists, neuro-psychologists, psychiatrists, and other relevantly trained medical doctors - *The qualified professional(s) completing evaluation must be impartial and not related to person being evaluated.*
- The documentation and identified diagnosis should be **current**. In some cases, it may be necessary to update or obtain a more recent diagnostic evaluation.
- The documentation must address the **severity or current level of functioning** of the individual and areas of academic impact.
- The diagnostic evaluation or verifying letter must identify current **functional limitations and/or academic limitations** and address the need for accommodations in an educational setting.

Information in these guidelines was derived from a variety of sources, including the *Association of Higher Education and Disability (AHEAD)*, *Educational Testing Service (ETS)*, *the University of North Texas*, and *Collin College*. AHEAD and ETS have developed comprehensive documentation guidelines for use by post-secondary institutions.

### Visual Disorders

#### Visual Disorder documentation must include:

1. **Specific diagnosis** by an Ophthalmologist or Optometrist for the disabling visual condition(s) with supporting numerical description and/or visual acuity. (e.g., 20/200, visual field less than 20 degrees) and specification of presenting symptoms.
2. **Severity of the condition** and/or assessment of the social, occupational, and psychological functioning of the individual.
3. **Current Visual Acuity, Functional Limitations**, or symptoms of the Visual Disorder that impact this individual in educational setting / academic environment.

*Please attach a copy of the most current visual acuity exam and/or other visual evaluations.*

#### Visual Disorder documentation should also include:

- Brief medical history related to the diagnosis (including **age of onset**) and relevant interventions.
- Indication of the visual disorders status (**i.e. is the condition stable, chronic, progressive, or fluctuating - is the condition temporary or permanent**).
- Please list any possible side effect(s) of the medications or treatment that might impact the student in an educational setting.
- Please list recommendations for academic accommodations based on the functional limitations (i.e. – unable to read blackboard / white board, unable to read below 14 pt font, unable to see textbook or materials without direct overhead light, etc.).
- A **Disability Verification Form** is available upon request to assist in providing the information requested above. ***This form can be submitted to your provider to document your disability in accordance with The Americans with Disabilities Act, Section 504 of the Rehabilitation Act.***
