

ALVIN COMMUNITY COLLEGE

EMERGENCY MEDICAL TECHNOLOGY

Advanced Emergency Medical Technician General Program Information Packet

Thank you for your interest in the Alvin Community College Emergency Medical Technology Program! Please carefully review the information outlined in this packet. Should you have any questions or require any further information, please do not hesitate to reach out to the Program's staff by using the contact information located at the bottom right-hand corner of the page.

The Faculty and staff of the Alvin Community College Emergency Medical Technology Program are excited about your interest in becoming an Emergency Medical Services professional!

All students who enter the Emergency Medical Technology Program are required to navigate a streamlined application process. Applicants are carefully screened and then scored using the appropriate application scoring rubric for the level of application; EMT-Basic; Advanced EMT; or Paramedic. A copy of each rubric is included in this packet. Alvin Community College nor the Emergency Medical Technology Program discriminate against any persons on the basis of race, color, religion, national origin, veteran status, age, sex, familial status, marital status, ancestry, and/or sexual or affectionate orientation.

The Emergency Medical Services profession is both mentally and physically challenging. The Emergency Medical Technology Program courses are also both mentally and physically challenging. Because of the unique environment in which Emergency Medical Services (EMS) personnel function, it is important for you to have a firm understanding of the demands of the profession. A copy of the Functional Job Description for an EMS profession as described by the Texas Health and Safety Code is included in this packet. You should read it carefully before beginning the application process. You need to assess your ability to perform the required functions of an EMS professional. If you cannot perform the tasks described in the Functional Job Description for an EMS profession as described by the Texas Health and Safety Code, you are putting yourself and others at risk of injury or worse. Please carefully consider this when deciding to apply.

If you feel you are able to perform the functions of an EMS professional as described by the Functional Job Description but need learning accommodations during the application process or during your enrollment in the Emergency Medical Technology Program courses, please contact the [Office of Student Accessibility Services](#). The Emergency Medical Technology Program can guarantee each student will be afforded equal opportunity during the application process and during the instructional phase. Please keep in mind that it is your responsibility to take advantage of any accessibility services for which you qualify by contacting the Office of Student Accessibility Services. Applicants should also be aware that specific criteria must be met to earn and obtain a course completion that will allow them to take the certification exam.

This packet also includes a list of the Emergency Medical Technology Program's prerequisites and application instructions.

Please do not hesitate to reach out should have any questions or require any information not covered in this packet.

ALVIN COMMUNITY COLLEGE

EMERGENCY MEDICAL
TECHNOLOGY

Advanced Emergency Medical Technician General Program Information Packet

The ACC Emergency Medical Technology Program (the Program) has the following certificate and degree offerings:

1. Emergency Medical Technician – Basic Certificate
2. Advanced Emergency Medical Technician Certificate
3. Paramedic Certificate
4. Associate of Applied Science - Paramedic

Advanced EMT Applicant Qualifications

- Completed the Apply Texas process and been accepted as an Alvin Community College student
- Be 18 years old or older
- Have taken the Advanced EMT Course Readiness Assessment (*See Step-by-Step Application Instructions*)
- Meet one of the following criteria:
 - o A high school senior participating in a dual enrollment EMT course OR
 - o Have a valid high school diploma OR
 - o Have a valid GED
 - o Have a valid home-school certificate of completion or diploma
 - High school diplomas must be from a school accredited by the Texas Education Agency (TEA) or a corresponding agency from another state. Applicants who received a high school education in another country must have their transcript evaluated by a foreign credentials evaluation service that attests to its equivalency. A home school diploma is acceptable. (TAC Rule §157.33 – Certification)
- Have one of the following:
 - o A valid non-expired Texas Driver’s License OR
 - o A valid non-expired Texas Identification card OR
 - o A valid non-expired United States passport
- Have a valid Social Security Card or Permanent Resident Card
- Have at least one of the following:
 - o A valid, non-expired, non-suspended, active TEXAS EMT certification or;
 - o A valid course completion certificate from a Texas DSHS-approved EMT course and proof of an approved Texas DSHS EMT certification application
- American Heart Association BLS Provider certification of the new 2020 guidelines
- Can provide detailed valid immunization documentation
- Agree to submit to a background check
- Agree to submit to drug screening and receive a negative result
- Meet the functional and physical qualifications required to work as an EMS professional
- Complete, in its entirety, the Advanced EMT application by the posted deadline

Criminal Background Check Requirement Information

All Program affiliates require that each student enrolled in the Program who will be coming to their facilities/agencies for clinical experiences must have a clear background. Background screening helps to promote and protect patient safety. Acceptance into the Program is strictly prohibited for any applicant who has been convicted of, attempted to, conspired to, or solicited any of the following:

- Capital Murder
- Murder
- Manslaughter
- Criminally negligent homicide
- Unlawful restraint
- Kidnapping
- Aggravated kidnapping
- Continuous sexual abuse of a young child or children
- Indecent exposure
- Indecency with a child
- Improper relationship between an educator and student
- Sexual assault
- Aggravated assault
- Aggravated Sexual assault
- Assault
- Intentional, knowing, or reckless injury to a child, elderly individual, or disabled individual
- Intentional, knowing, or reckless abandonment or endangerment of a child
- Deadly conduct
- Terroristic threat
- Aiding in suicide
- Prohibited sexual conduct (incest)
- Agreement to abduct a child from custody
- Violation of certain orders in family violence cases
- Violation of protective orders in family violence cases
- Violation of protective order preventing hate crime
- Hate crimes
- Sale or purchase of a human
- Arson
- Robbery
- Aggravated robbery
- Burglary
- Online solicitation of a minor
- Money laundering
- Medicare/Medicaid fraud
- Insurance fraud
- Cruelty to animal(s)
- Causing sexual performance by a child
- Possession or promotion or production of child pornography
- Any other offense for which registration as a sex offender is required

Students must not have convictions in the 5 calendar years from any state or jurisdiction for any of the following:

- Assault punishable as a Class A misdemeanor or felony
- Theft punishable as a felony
- Misapplication of fiduciary property of financial institution punishable as a Class A misdemeanor
- Securing execution of a document by deception punishable as a Class A misdemeanor or felony (not tampering with a government record)
- False identification as/to a law enforcement officer
- Disorderly conduct
- Driving under the influence
- Driving while intoxicated

Should any of the above be discovered on an applicant's background screen, the applicant is automatically ineligible for acceptance into the Program.

If an applicant believes his/her background information is incorrect, the *applicant* is responsible for working with the screening company to attempt to correct the issue. Until the screening company issues a clear background report, the applicant is ineligible for admittance into the Program. If the applicant is not able to obtain a clear background report from the screening company, the applicant must receive background clearance from the Texas Department of State Health Services. (See next section)

Texas Department of State Health Services Criminal Background Review/Clearance Information

The nature of the EMS profession requires restrictions to be placed on credentialing of persons with criminal histories. The ACC EMT Program is *not* able to advise a student with a criminal history if he/she will be eligible for certification by the state of Texas upon completion of the course and passing the NREMT certification exam.

Applicants who need a criminal background review for background clearance must contact the Texas Department of State Health Services: Call 512.834.6700, then Option 5

Applicants who receive a background clearance letter from the Texas Department State Health Services *must* upload the letter into the Criminal Background Clearance section of the ACC EMT Program application.

Drug Screening Requirement Information

All Program affiliates require that all students who visit their facilities/agencies to have submitted to at least one drug screen and have documentation of a negative result within the same semester the student will be coming to their facility/agency. Random drug tests will occur each semester. The cost of random drug screens is encumbered by the student.

Applicants who test positive for one or more of the following substances (without proof of a valid prescription) are automatically ineligible for admittance into the Program:

- Amphetamines
- Barbiturates
- Benzodiazepines
- Cocaine Metabolites
- Marijuana (tetrahydrocannabinol)
- Methadone
- Methaqualone
- Opiates
- Oxycodone
- Phencyclidine
- Propoxyphene

Applicants who test positive for any of the above-listed substances (without a valid prescription) during a random drug screen must withdraw from the Program and is ineligible to reapply for 12 months.

ACC Student Email

It is the policy of ACC that college-hosted email is the official means of communication. It is imperative that students accepted into the Program have access to and check their ACC student email daily.

ACC EMT Program Vaccination Requirements

All Program affiliates require that all students who visit their facilities/agencies are sufficiently vaccinated against several communicable diseases that are commonly found in healthcare settings. Applicants must provide documented proof of the following vaccinations/negative test results:

- Measles, Mumps, and Rubella (MMR)
- Varicella (Chicken Pox)
- Hepatitis B
- Tuberculosis
- Tetanus
- Meningitis
- Influenza
- COVID

Vaccination declinations are not allowed.

AHA Healthcare Provider CPR Certification

All Program affiliates require that all students who visit their facilities/agencies to have a current American Heart Association BLS Provider CPR certification. The Program offers a CPR course to its students once a semester. The cost of the course is \$50.⁰⁰.

Advanced EMT Step-by-Step Application Instructions

If you are already an accepted student of Alvin Community College, you may skip Step 1 and begin at Step 2.

1. Apply to Alvin Community College by clicking on the link below
https://www.applytexas.org/adappc/gen/c_start.WBX
2. Attend an ACC Emergency Medical Technology Program Information Session
Go to <https://www.alvincollege.edu/emt-ems/> to register for an Information Session
3. Complete the appropriate level of Course Readiness Self-Assessment. Click on the link below to register for an Advance EMT Course Readiness Self-Assessment. <https://form.jotform.com/211124278273047>
 - a. Applicants have 3 attempts to score a 75 or above on the Self-Assessment.
 - b. There is a \$5.00 fee for each attempt.
 - c. Applicants who do not score a 75 or above on the Self-Assessment are required to meet with the Program Director prior to continuing the application process.
 - d. Applicants who do score a 75 or above within 3 attempts on the Self-Assessment may proceed to Step 4 without meeting with the Program Director.
4. **This step must be completed before moving on to Step 5! No exceptions!**
Complete the required drug screening, background check, and immunization tracking by creating a Viewpoint Screening account and completing the steps listed below:
 - a. Go to <https://www.viewpointscreening.com/alvincollege>
 - b. Click on "Start Your Order "
 - c. Click on "EMT "
 - d. Click on "Background Check + Drug Test+ Health Portal "
 - e. Click on "Confirm "
 - f. Click the box next to the Viewpoint Screening Disclaimer and Refund Policy
 - g. Click "Next "
 - h. Complete the Applicant Information page
 - i. Click "Next "
 - j. Review your information and pay for your account (\$90.00)
 - a. If you are having difficulties setting up an account, you may contact Viewpoint by calling 888-974-8111 or by emailing them at info@viewpointscreening.com.
5. Complete the Emergency Medical Technician-Basic Program Application. Use the link below to access the application:
[Advanced EMT](#)
6. Wait to receive an Acceptance or Rejection letter via email from the Program Director.
 - a. Acceptance and rejection letters are sent to applicants between October 25th and November 1st

Should you need assistance in completing the application process, please contact the Program's administrative assistant by using the contact information below.
