ALVIN COMMUNITY COLLEGE

Launch Your Career in a Rapidly Growing Healthcare Field

If you would like a unique career in healthcare the field of Health Information Management (HIM) may be right for you.

HIM involves the administration, accuracy, storage and security of data related to electronic health records (EHRs). It is entwined in every facet of health care and combines aspects of business, science, and information technology.

Career Opportunities

Health Information Management professionals work in many health care environments including Hospitals, Physician's Offices, Urgent Care Facilities, HIM Vendors, Insurance Companies, and EHR Software Companies.

The average salary for HIM professionals in Texas is \$41,950. Nationally, there will be an estimated 8% increase in job opportunities through 2029.

Students can complete an Associate of Applied Science degree in HIM in just two years, or get a Level II Certificate in eighteen months.

ACC is one of the only colleges in the Gulf-Coast region where you can complete a HIM degree/certificate almost entirely online!

What Will I Study?

Upon completion of the program, you will be able to demonstrate professional communication skills using clear verbal communication, applying effective listening skills, and educating health providers and staff regarding Health Information Management.

Graduates completing the AAS will be eligible to sit for the Registered Health Information Technician (RHIT) exam.

HEALTH INFORMATION MANAGEMENT GENERAL PROGRAM AND APPLICATION INFORMATION

THE PROGRAM BEGINS FALL SEMESTER (AUGUST)

A degree in Health Information Management (HIM) will prepare the successful student for a technologically advancing career in Medical Coding and Health Information Management. The HIM field is entwined in every aspect of health care and includes acquiring, organizing, and analyzing patient medical information. It encompasses knowledge of information technology, science, and business. HIM professionals play a significant role in ensuring patient records are accurate, complete, and protected. Health Information Management Technicians work for hospitals, physician offices, urgent care facilities, vendors, insurance companies, Electronic Health Records (EHR) software companies, and more.

WHY CHOOSE A CAREER IN HEALTH INFORMATION

By studying health information, you will acquire a wealth of knowledge in information technology, leadership and management skills. As a health information professional, you will use your knowledge of records management to form a link between providers administrators, and information technology professionals.

CAREER OPPORTUNITIES

Health information management professionals work in many health care environments including hospitals, physician offices, urgent care facilities, HIM vendors, insurance companies and EHR software companies.

The average salary for HIM professionals in Texas is \$41,510. There is estimated to be a 12% increase in job opportunities in Texas through 2021.

ACCREDITATION

The Health Information Management accreditor of Alvin Community College is the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

The College's accreditation for Associate degree in Health Information Management has been reaffirmed through 2029-2030.

All inquiries about the program's accreditation should be directed by mail to CAHIIM, 200 East Randolph Street, Suite 5100, Chicago, IL, 60601; by phone at (312) 235-3255; or by email at info@cahiim.org.

HEALTH INFORMATION MANAGEMENT
