

Transfer Pathway Agreement
Alvin Community College
and
Lamar University

Degree:

Reverse transfer Associate Degree.

GPA Requirements for Program:

2.0 cumulative GPA on a 4.0 scale recommended.

Transfer Information:

Alvin Community College has entered into agreements with many Texas universities which allows the automatic evaluation of credits earned after the student transfers. Students who sign agreements at their university will have their university credits reverse transferred to ACC for the possible award of an Associate Degree. ACC will use the catalog year of the student's degree plan on file at the time of transfer providing the request does not exceed three years.

Upon written request of student Lamar University will provide ACC with reverse transfer coursework to be transferred. Former Alvin Community College students may graduate under the AAT, AA or AS degree plan and catalog year that was on file at the time they transferred to another college/university if:

- The remaining credits were completed at an accredited college or university.
- The credit was completed within three years from the date of last attendance at ACC.
- The student has met all remaining conditions for graduation as published in the institutional catalog.
- A diploma is requested, the application and fee have been received.

Alvin Community College will also evaluate credits for the award of the AA General Studies degree using the current catalog year. If the student qualifies for either degree it will be posted to the ACC transcript.

ACC Credit Hours Required Before Transfer:

See ACC Advisor for details.
